* This is not the actual number of record creators as some of the qualified librarians (with appropriate permit) also work for libraries other than their home library

**FULL MEMBERS OF THE COBISS.AL SYSTEM
AND THEIR PARTICIPATION IN THE SHARED CATALOGUING SYSTEM**
(Bibliographic databases and holdings data)

4. 3. 2014

** Records created in the libraries not included in the annual statistics (excluded libraries, records converted from other systems etc.)

Legend:

- *Institution/library name*: library, a full member of COBISS.AL in 2013
- *Included*: the month and year when a library became a full member of COBISS.AL
- *Records added to COBIB.AL in 2013*: number of records added to the COBIB.AL shared bibliographic database in 2013
 - *Total*: the total number of records
 - *OCLC*: the number of records downloaded from the OCLC database
 - *ISSN*: the number of records downloaded from the ISSN database
 - *NET*: the number of records downloaded from other COBISS.Net systems
 - *Linked*: number of local records linked with the COBIB.AL shared database in 2013
 - *Created*: number of records created originally in 2013 (automatically created records included)
- *Number of creators in 2013*: the number of cataloguers who created at least one record in the COBIB.AL shared bibliographic database in 2013
- *Records corrected in 2013*: the number of records edited but not created by the library in 2013
- *Records for bibliographies in 2013*: the number of records that have relevant typology and researcher's code and were created within the COBIB.AL shared bibliographic database in 2013
- *Records deleted in 2013*: number of records created by one library before 2013 and deleted from the COBIB.AL shared database by another in COBIB.AL
- *Total growth in COBIB.AL*: the number of all the records of a certain library in the COBIB.AL shared bibliographic database as per 31. 12. 2013
- *Downloaded from COBIB.AL in 2013*: the number of records downloaded from the COBIB.AL shared bibliographic database to local database in 2013 (automatically downloaded records included)
- *Conversions in 2013*: the number of records added to the library local database in 2013 by conversion
- *Records in the local database*
 - *Total*: the total number of records in the library local database as per 31. 12. 2013
 - *Unlinked*: number of local records as per 31. 12. 2013
- *Holdings data*: in a local database taken into consideration are copies - fields 996/997 with the accession number or call number (element n - current number or a - author or title included)
 - *Growth in 2013*: number of copies - fields 996/997 with the date of accessioning in 2013
 - *Total*: number of copies - fields 996/997 as per 31. 12. 2013
